

## Jacie R. McHaney

[jacie.mchaney@northwestern.edu](mailto:jacie.mchaney@northwestern.edu)

[jrmchaney.github.io](http://jrmchaney.github.io)

### EDUCATION & TRAINING

---

2015	<b>A.S.</b> , General Studies in Science Austin Community College, Austin, TX
2015	<b>B.S.</b> , Psychology, <i>Psychology Honors</i> , Biology Minor The University of Texas at Austin, Austin, TX
2023	<b>Ph.D.</b> , Communication Science and Disorders University of Pittsburgh, Pittsburgh, PA

### APPOINTMENTS & POSITIONS

---

05/2023-06/2023	<b>Research Associate</b> , <i>University of Pittsburgh</i> Communication Science and Disorders
07/2023-Present	<b>Research Assistant Professor</b> , <i>Northwestern University</i> Roxelyn and Richard Pepper Department of Communication Sciences and Disorders

### GRANT SUPPORT

---

#### Extramural

07/2024 – 06/2027	<b>Early Career Researcher Award</b> R21DC022031 Role: Co-Investigator (PI: J. Lau) National Institute for Deafness and Communication Disorders <i>The Role of Context in the Neural Processing of Speech in Autism Spectrum Disorder</i>	\$600,000
-------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------

#### *Pending*

07/2025-06/2028	<b>Early Career Researcher Award</b> R21DC022914 Role: Principal Investigator National Institute for Deafness and Communication Disorders <i>The Role of Extended High Frequencies on Speech Perception Challenges in Aging</i>	\$600,000
-----------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------

#### Intramural

02/2025-01/2026	<b>Ryan Acceleration Funds</b> Role: Co-PI <i>Neura-Speech: Bridging the Diagnostic Gap for Hidden Hearing Loss Through Electrophysiological Speech Markers</i>	\$242,474
-----------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------

#### Prior Support

08/2015 – 12/2015	<b>Undergraduate Research Fellowship</b> The University of Texas at Austin These funds supported research for my undergraduate honors thesis.	\$1,000
-------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------	---------

09/2019 – 08/2021	<b>Training Program in Auditory and Vestibular Neuroscience</b> T32DC011499 Role: Predoctoral Trainee (PIs: K. Kandler and B. Yates) National Institute for Deafness and Communication Disorders <i>Training in Auditory and Vestibular Neuroscience</i>	McHaney Updated: 1/9/2025 \$85,252
02/2022 – 01/2023	<b>University of Pittsburgh Clinical and Translational Science Institute</b> <b>Quantitative Methodologies Pilot Program</b> UL1TR001857 Role: Co-Principal Investigator National Center for Advancing Translational Sciences <i>Decision Strategies in Speech Perception in Aging</i>	\$25,000
05/2022 – 04/2023	<b>NRSA Individual Predoctoral Fellowship to Promote Diversity</b> <b>in Health-Related Research</b> F31DC020085 Role: Principal Investigator National Institute for Deafness and Communication Disorders <i>Neural Mechanisms of Speech Perception in Noise in Middle-Age</i>	\$145,608
11/2023 – 05/2024	<b>Undergraduate Research Assistant Program</b> Role: Mentor Northwestern University Office of Undergraduate Research <i>Neurophysiological indices of mechanisms underlying auditory processing</i> These funds supported an undergraduate research assistant for 100 hours of laboratory work.	\$1,600
04/2024-09/2024	<b>Summer Undergraduate Research Program</b> Role: Mentor Northwestern University Office of Undergraduate Research <i>Effect of Vibrotactile Stimulation on F0 Encoding</i> These funds supported an undergraduate research assistant for 8 weeks of full-time work over the summer for this project. This was one of the top-rated proposals and received special funding from an endowment.	\$4,000

#### ABSENCE FROM RESEARCH

08/2021 – 02/2022	Parental Leave
-------------------	----------------

#### PUBLICATIONS

##### Peer-reviewed

<sup>†</sup> Last name changed to McHaney from Richardson in 2017

5. **McHaney, J. R.**, Zinszer, B. D., Smayda, K. E., Xie, Z., & Chandrasekaran, B. (December 2018). Cortical entrainment to the speech envelope relates to speech comprehension in older adults under adverse listening conditions. Poster presented at the 12<sup>th</sup> Annual Aging Institute Research Day, Pittsburgh, PA.
6. **McHaney, J. R.**, Schuerman, W. L., Leonard, M. K., & Chandrasekaran, B. (October 2020). Non-invasive peripheral nerve stimulation paired with speech sounds modulates pupillary responses and selectively enhances learning. Poster presented at the Twelfth Annual Meeting of the Society for Neurobiology of Language, Virtual.
7. Roark, C. L., Reetzke, R., Llanos, F., **McHaney, J. R.**, & Chandrasekaran, B. (December 2020). Learning Mandarin tone categories with natural speech and a non-speech homologue. Poster to be presented at the 179<sup>th</sup> Meeting of the Acoustical Society of America, Chicago, IL. (Conference canceled)
8. Lescht, E., Venker, C., **McHaney, J. R.**, & Hampton Wray, A. (January 2021). Novel word learning in children who stutter. Poster presented at the 12<sup>th</sup> Oxford Dysfluency Conference, Virtual.
9. **McHaney, J. R.**, Hancock, K. E., Polley, D. B., & Parthasarathy, A. (February 2022). Neurophysiological markers of central gain and their relationship to speech-in-noise intelligibility. Poster presented at the 45<sup>th</sup> Annual MidWinter Meeting of the Association for Research in Otolaryngology, Virtual.
10. Cancel, V. E., **McHaney, J. R.**, Milne, V., Palmer, C., & Parthasarathy, A. (February 2022). Hearing Difficulties with Normal Audiograms: Insights from the Auditory Processing Disorder Test Battery. Poster presented at the 45<sup>th</sup> Annual MidWinter Meeting of the Association for Research in Otolaryngology, Virtual.
11. Cancel, V. E., **McHaney, J. R.**, Milne, V., Palmer, C., & Parthasarathy, A. (April 2022). Hearing Difficulties with Normal Audiograms: Insights from the ADP Test Battery. Poster presented at the American Academy of Audiology 2022 + HearTECH Expo, St. Louis, MO. *Received the James and Susan Jerger Award for Excellence in Student Research, American Academy of Audiology Foundation.*
12. **McHaney, J. R.**, Yurasits, K., Hancock, K. E., Polley, D. B., & Parthasarathy, A. (July 2022). Neurophysiological markers of central gain and their relationship to speech-in-noise intelligibility in normal-hearing listeners. Poster presented at the Auditory System Gordon Research Conference: Preventing Loss and Recovering Function of the Auditory System, Smithfield, RI.
13. **McHaney, J. R.**, Zhen, L., Roark, C. L., Parthasarathy, A. & Chandrasekaran, B. (October 2022). Sensory Encoding and Decision-making in Speech Perception in Noise. Poster presented at the Fourteenth Annual Meeting of the Society for Neurobiology of Language, Philadelphia, PA.
14. Zhen, L. Q., **McHaney, J. R.**, Zink, M. E., Mitchell, C., Parida, S., Anthony, S., Hallihan, M., Brown, C. A., Chandrasekaran, B., & Parthasarathy, A. (February 2023). Age-related Differences in Neural and Perceptual Signatures of Temporal Fine Structure Processing Underlying Multi-talker Speech Intelligibility. Poster to be presented at the Association for Research in Otolaryngology 46th Annual MidWinter Meeting, Orlando, FL.
15. Zink, M. E., **McHaney, J. R.**, Mitchell, C., Hallihan, M., Anthony, S., Chandrasekaran, B., & Parthasarathy, A. (February 2023). Neurophysiological Markers of Sensory Gain and Their Relationship to Speech Perception in Noise in Young and Middle-Aged Adults. Poster to be presented at the Association for Research in Otolaryngology 46th Annual MidWinter Meeting, Orlando, FL.
16. Parker, A., **McHaney, J. R.**, Xie, Z., Chandrasekaran, B., & Hampton Wray, A. (February 2023). Cortical Tracking of Continuous Speech-in-Noise: Children's Use of Linguistic and Acoustic Information. Poster to be presented at the Association for Research in Otolaryngology 46th Annual MidWinter Meeting, Orlando, FL.
17. **McHaney, J. R.** & Chandrasekaran, B. (March 2023). Lexical knowledge facilitates phoneme categorization at intermediate noise levels. Poster presented at the American Auditory Society's 50<sup>th</sup> Annual Scientific & Technology Conference, Scottsdale, AZ.

18. Mitchell, C., Zink, M. E., **McHaney, J. R.**, Anthony, S., Hallihan, M., Chandrasekaran, B., & Parthasarathy, A. (April 2023). Relationship between altered auditory temporal processing and speech perception in noise in young and middle-aged adults. Poster to be presented at the American Academy of Audiology 2023 + HearTECH Expo, Seattle, WA.
19. Yurasits, K., Zhen, L. Q., Parida, S., Klara, J., **McHaney, J. R.**, Cancel, V., Zink, M. E., Mitchell, C., Chandrasekaran, B., & Parthasarathy, A. (April 2023). Age-related changes in the representation of stimulus temporal fine structure cues and their relationship to multi-talker speech intelligibility. Poster to be presented at the American Academy of Audiology 2023 + HearTECH Expo, Seattle, WA. *Received the James and Susan Jerger Award for Excellence in Student Research, American Academy of Audiology Foundation.*
20. Parker, A., **McHaney, J. R.**, Coleman, B., Chandrasekaran, B., & Hampton Wray, A. (November 2023). Phonological Awareness and the Impact of Noise Level on Speech Perception. Poster presented at the 2023 American Speech-Language-Hearing Association Convention, Boston, MA.
21. Guo, Z., **McHaney, J. R.**, Xiong, S., Chandrasekaran, B., & Parthasarathy, A. (June 2024). Decoding single-trial frequency-following responses to speech using an animal model. Poster presented at the 2024 Frequency Following Response Workshop, Chicago, IL.
22. **McHaney, J. R.**, Guo, Z., Gnanateja, G. N., Parthasarathy, A., & Chandrasekaran, B. (October 2024). Reduced temporal processing of fundamental frequency in middle-age impacts higher-level linguistic features for speech perception. Poster presented at the Advances and Perspectives in Auditory Neuroscience Annual Meeting, Chicago, IL.
23. Guo, Z., **McHaney, J. R.**, Xie, Z., & Chandrasekaran, B. (October 2024). Reduced neural encoding of phonemes in middle-aged adults. Poster presented at the Advances and Perspectives in Auditory Neuroscience Annual Meeting, Chicago, IL.
24. Choi, J. Y., Xiong, S., **McHaney, J. R.**, & Chandrasekaran, B. (October 2024). Pupillary measures of identifying talkers in native language and unfamiliar language. Poster presented at the Advances and Perspectives in Auditory Neuroscience Annual Meeting, Chicago, IL.
25. Parker, A., **McHaney, J. R.**, Coleman, B., Block, A., Chandrasekaran, B., & Hampton Wray, A. (October 2024). Receptive Language Proficiency Impacts Cortical Tracking of Continuous Speech in Noise in Children. Poster presented at the Sixteenth Annual Meeting of the Society for Neurobiology of Language, Brisbane, Australia.
26. Parker, A., **McHaney, J. R.**, Xie, Z., Chandrasekaran, B., & Hampton Wray, A. (December 2024). Developmental and Individual Differences in Red Tracking of Speech-on-Speech. Poster presented at the 2024 American Speech-Language-Hearing Association Convention, Seattle, WA.
27. Parker, A., **McHaney, J. R.**, Coleman, B., Chandrasekaran, B., & Hampton Wray, A. (May 2025). Language Skills Relate to Neural Tracking of Continuous Speech-on-Speech in Children. Poster abstract submitted for consideration to the Society for Research in Child Development 2025 Biennial Meeting, Minneapolis, MN.

## CONFERENCE PODIUM PRESENTATIONS

---

1. **McHaney, J. R.**, Zhen, L., Anthony, S., Xie, Z., Parthasarathy, A., & Chandrasekaran, B. (February 2023). Deficits in Sensory Decision-Making Underlie Self-Perceived Hearing Difficulties. Talk presented at the Association for Research in Otolaryngology 46th Annual MidWinter Meeting, Orlando, FL.

## INVITED PRESENTATIONS

---

Aug 2023	<i>Neural encoding of the fundamental frequency supports the decisional processes in speech in noise categorization</i> , Mini-symposium on Speech processing in challenging listening environments: Towards a multi-dimensional framework, Northwestern University, Evanston, IL.
Mar 2024	<i>Neural Mechanisms of Speech Perception in Noise in Middle-age</i> , Ear Day, RUSH University, Chicago, IL
Jan 2025	<i>Rethinking speech perception challenges in adults without hearing loss</i> , ContinuEd, AudiologyOnline and Association of VA Audiologists, Virtual

## PRESENTATIONS

---

Aug 2017	<i>Effect of listening environment on continuous speech processing in older adults</i> , Sixth Annual Communication Sciences and Disorders Research Blitz, The University of Texas at Austin, Austin, TX.
Dec 2019	<i>Aging, cognition, and speech processing</i> , Auditory and Vestibular Neuroscience T32 Seminar, University of Pittsburgh, Pittsburgh, PA.
Mar 2020	<i>Cortical Tracking of Speech in Older Adults</i> , Auditory and Vestibular Neuroscience T32 Retreat, University of Pittsburgh, Pittsburgh, PA.
Apr 2020	<i>Cortical Tracking of Speech in Older Adults</i> , Department of Communication Science and Disorders Research Round Table Seminar, University of Pittsburgh, Pittsburgh, PA.
Jan 2021	<i>Working Memory During Non-Native Speech Category Learning</i> , Auditory and Vestibular Neuroscience T32 Seminar, University of Pittsburgh, Pittsburgh, PA.
Feb 2021	<i>Influence of Working Memory on Non-Native Speech Category Learning</i> , Department of Communication Science and Disorders Research Round Table Seminar, University of Pittsburgh, Pittsburgh.
Apr 2021	<i>Working Memory Influences Speech Category Learning: A Pupillometry Study</i> , Auditory and Vestibular Neuroscience T32 Annual Retreat, University of Pittsburgh, Pittsburgh, PA.
Nov 2022	<i>Sensory and Cognitive Factors Underlying Individual Variability in Speech in Noise Perception</i> , Hearing and Cookies Seminar Series, University of Pittsburgh, Pittsburgh, PA.

## HONORS & AWARDS

---

2012	Phi Theta Kappa Honor Society
2015	University Honors, The University of Texas at Austin
2015	Psi Chi International Honor Society in Psychology

2022	Society for Neurobiology of Language Travel Award
2022	Gordon Research Conference – Auditory System Travel Funds
2023	Association for Research in Otolaryngology Childcare Grant
2024	Association for Research in Otolaryngology Childcare Grant

## PROFESSIONAL MEMBERSHIPS

---

Society for Neurobiology of Language  
Association for Research in Otolaryngology  
American Auditory Society

## AD-HOC JOURNAL REVIEWER

---

2024	<i>Journal of Neurolinguistics</i>
2024	<i>NeuroImage</i>

## SERVICE

---

### *University of Pittsburgh*

2019-2021	<b>PhD Student Representative</b> , Communication Science and Disorders
2020-2021	<b>Organizer</b> , Communication Science and Disorders Research Round Table Seminar

### *Northwestern University*

2023	<b>Organizer</b> , Mini-symposium on Speech processing in challenging listening environments: Towards a multi-dimensional framework
2024 – Present	<b>Member</b> , Committee for Data Collection of CSD Department Metrics
2024	<b>Judge</b> , Undergraduate Research and Creative Arts Exposition
2024 – Present	<b>Reviewer</b> , Northwestern University Undergraduate Research Grant Committee

### *Extramural*

2024	<b>Mentor</b> , Career Development Lunch for Trainees, Advances and Perspectives in Auditory Neuroscience Annual Meeting, Chicago, IL
------	---------------------------------------------------------------------------------------------------------------------------------------

## TEACHING

---

### *University of Pittsburgh*

2021	<b>Assistant Instructor</b> , Neuroscience of Communication (CSD 2110)
2021	<b>Guest Lecturer</b> , <i>A&amp;P of the Auditory System</i> , Introduction to Neuroscience of Communication (CSD 1237)
2023	<b>Guest Lecturer</b> , <i>Hearing Loss and Cognition</i> , Neuroscience of Communication (CSD 2110)
2023	<b>Guest Lecturer</b> , <i>Frequency-following Responses</i> , Advanced Physiological Assessment (CSD 2252)
2024	<b>Guest Lecturer</b> , <i>Frequency-following Responses</i> , Advanced Physiological Assessment (CSD 2252)

### *Northwestern University*

2024	<b>Guest Lecturer</b> , <i>Coding for Career Growth</i> , Professional Development for PhD Students (CSD 545)
2025	<b>Guest Instructor</b> , <i>Hands-on Neuroscience Lab Demonstration</i> , Engaging Audiences: Narrative and Neuroscience (CMN 101)

## MENTORSHIP

---

### Postdoctoral Associates

#### *Northwestern University*

2023- Zhe-chen Guo, PhD  
2023- Ja Young Choi, PhD

### PhD Students

#### *Northwestern University*

2023- Shengyue Xiong

### Doctorate of Audiology Students

#### *University of Pittsburgh*

2021-2022 Victoria Cancel  
2022-2023 Kimberly Yurasits

#### *Northwestern University*

2024- Mollee Feeney  
2024- Ishika Choksi  
2024- Lauren Preston

### Undergraduate Research Assistants

#### *University of Texas at Austin*

2016 Karen Lin  
2016 Kay Torriente  
2016 Isabelle Arseneau Bruneau  
2016-2017 Stephen Slaughter  
2016-2017 Dominique Arzola

2016-2017 Danielle De La Rosa  
2016-2017 Abigail Hall  
2016-2017 Megan Burke  
2017-2018 Sarina Lieberman  
2017-2018 Sarah Campbell  
2017-2018 Priyanka Deshmane

#### *University of Pittsburgh*

2019-2020 Danielle Wu  
2019-2020 Laura Fahs  
2019-2020 Olivia Gall  
2019-2020 Inca Malik  
2019-2020 Santosh Donepudi  
2022 Rebecca Kime  
2022 Angelina DiNardo

2022 Madison Andreano  
2022 Olivia Flemm  
2022-2023 Sarah Anthony  
2022-2023 Shaina Wasileski  
2022-2023 Katie Bergstrom  
2022-2023 Megan Hallihan  
2022-2023 Miaofang Hu  
2022-2023 Jasmine Cardino  
2022-2023 Claire Mitchell

#### *Northwestern University*

2023- Alexa Nuñez Magaña  
2023- Avery Leblanc  
2023- Beza Abate  
2024- Adelina Jembere  
2024- Jaimie Hong

2024- Michelle Sun  
2024- Amanda Tepedino  
2024- Melissa Yankson Nyarko  
2024- Claribel Osei

### High School Student Researchers

2016 Emma Green  
2021-2022 Karen Linares Mendoza  
2022 Marysia Brown  
2022 Cassidy Mineo  
2022 Zoey Miller  
2022 Savitha Thompson

## **DIVERSITY AND INCLUSION**

---

- |      |                                                                                                                                                                                                                                                                                                           |
|------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2021 | Hosted virtual lab tour at University of Pittsburgh for Innovative Mentoring and Professional Advancement through Cultural Training (IMPACT) program at Case Western Reserve University in collaboration with Hampton University, a historically black university.                                        |
| 2022 | Co-mentor for Karen Linares Mendoza, recipient of a diversity supplement from NIDCD to conduct research through a summer internship.                                                                                                                                                                      |
| 2022 | Mentor for two undergraduate CSD students from the Innovative Mentoring and Professional Advancement through Cultural Training (IMPACT) program through a summer research internship at the University of Pittsburgh.                                                                                     |
| 2024 | Faculty sponsor for a student in the Emerging Scholars Program at Northwestern University, a research grant for first year students who identify as first generation, lower income, people of color, and/or marginalized with a focus on providing opportunities for students to get started in research. |
